

I call on you to hold an official public hearing in my state.

Before the disastrous 2003 decision to weaken media ownership rules (which a federal court has now overturned), you held only one official public hearing. Further, FCC officials met behind closed doors 71 times with major broadcasters – but only five times with public interest groups. And to justify your actions, you used deceptive, industry-sponsored research data.

The will of Big Media had been heeded at the expense of American citizens and democracy itself. This has to end. Before you rewrite the ownership rules, I demand an official public FCC hearing in my state, impartial and verifiable research, and transparent debates.

It is time to put the needs of democracy – a diverse, skeptical, independent and competitive media system – ahead of profit-hungry media giants.

The media is VERY one sided and the diversity of the air waves that belong to the people of this is country and is now in the hands of few "corporations" that DO NOT allow an equal diverse commentary about issues with always stacking the talks in their favor towards what they want to say. We the people are sick & tired of this one way biased communication and avoiding the TRUTH!!
